Dear Friend,

The National Committee to Preserve Social Security and Medicare was founded in 1982 by former Congressman James Roosevelt, son of President Franklin D. Roosevelt, signer of the law that created Social Security. We are the nation's leading advocacy group fighting to protect Social Security and Medicare. We are a nonpartisan, nonprofit organization representing the views of millions of seniors. It is our mission to protect, preserve, promote, and ensure the financial security, health, and well-being of current and future generations of Americans.

It is also important that we educate seniors on how their Social Security and Medicare benefits are impacted by congressional votes taken in Washington, DC. This **2022 Congressional Scorecard** documents key U.S. House of Representatives and Senate votes on Social Security, Medicare and other issues important to older Americans. Our legislative staff has taken the time to identify votes in the 117th Congress (2021-2022) on issues it believes to be of importance to seniors.

Most lawmakers understand that seniors are highly engaged and politically active. Yet, some of our elected officials talk about Social Security and Medicare as if these programs are expendable and should be used to pay down deficits. They refuse to acknowledge that these programs are lifesaving for many older Americans. Some question whether seniors really deserve the benefits they've paid into for their entire working lives. And they propose cuts, changes to the eligibility ages, structural reforms, even privatization — all the while they fiercely protect massive tax breaks for the wealthy. That is why it is important now more than ever that you understand how your members of Congress voted on key legislation during this current 117th Congress.

Right now, we're preparing to face a renewed assault on your earned benefits in the new Congress, and by the "lame duck" session in November and December, when lawmakers could try to fast track harmful bills to cut Social Security or Medicare. As we have seen in the past, almost anything can happen during this uncertain political time in Washington.

You can understand how critical these issues are — and the importance of knowing who is on your side ... and who is not! So please take a moment to review this Scorecard.

Of course, the other important thing is to stay involved with the National Committee. As always, we will be relying upon your high level of participation and support to see us through the challenges ahead.

Cordially,

Max Richtman
President and CEO

Reading the Scorecard

The National Committee legislative staff has identified votes in the 117th Congress (2021-2022) on issues it believes to be of importance to seniors. This list is not intended to be a complete account of all the votes and activities of U.S. Representatives and Senators, but we feel it is instructive with regard to earned benefits.

Here is how to use our **2022 Congressional Scorecard**. First, locate your State, then your Congressional District (CD), where you will see the name of your U.S. Representative. Next, locate your two U.S. Senators shown at the bottom of your State's Scorecard section. Listed to the right of all their names are how they cast their votes on key bills, which are listed at the top of the page. Refer to list of "Votes Cast" to find the title of the bill, how each bill could impact your earned benefits and the National Committee's position.

"Y" indicates a YES vote, "N" indicates a NO vote, and "NV" indicates the member did not vote on the bill. A dash mark ("-") indicates the vote took place before the member was sworn-in to his or her seat.

VOTES CAST IN THE UNITED STATES HOUSE OF REPRESENTATIVES

U.S. HOUSE OF REPRESENTATIVES 2021 (First Session)
